

Adding Music to my iTunes Library

(Optimized for Windows 8)

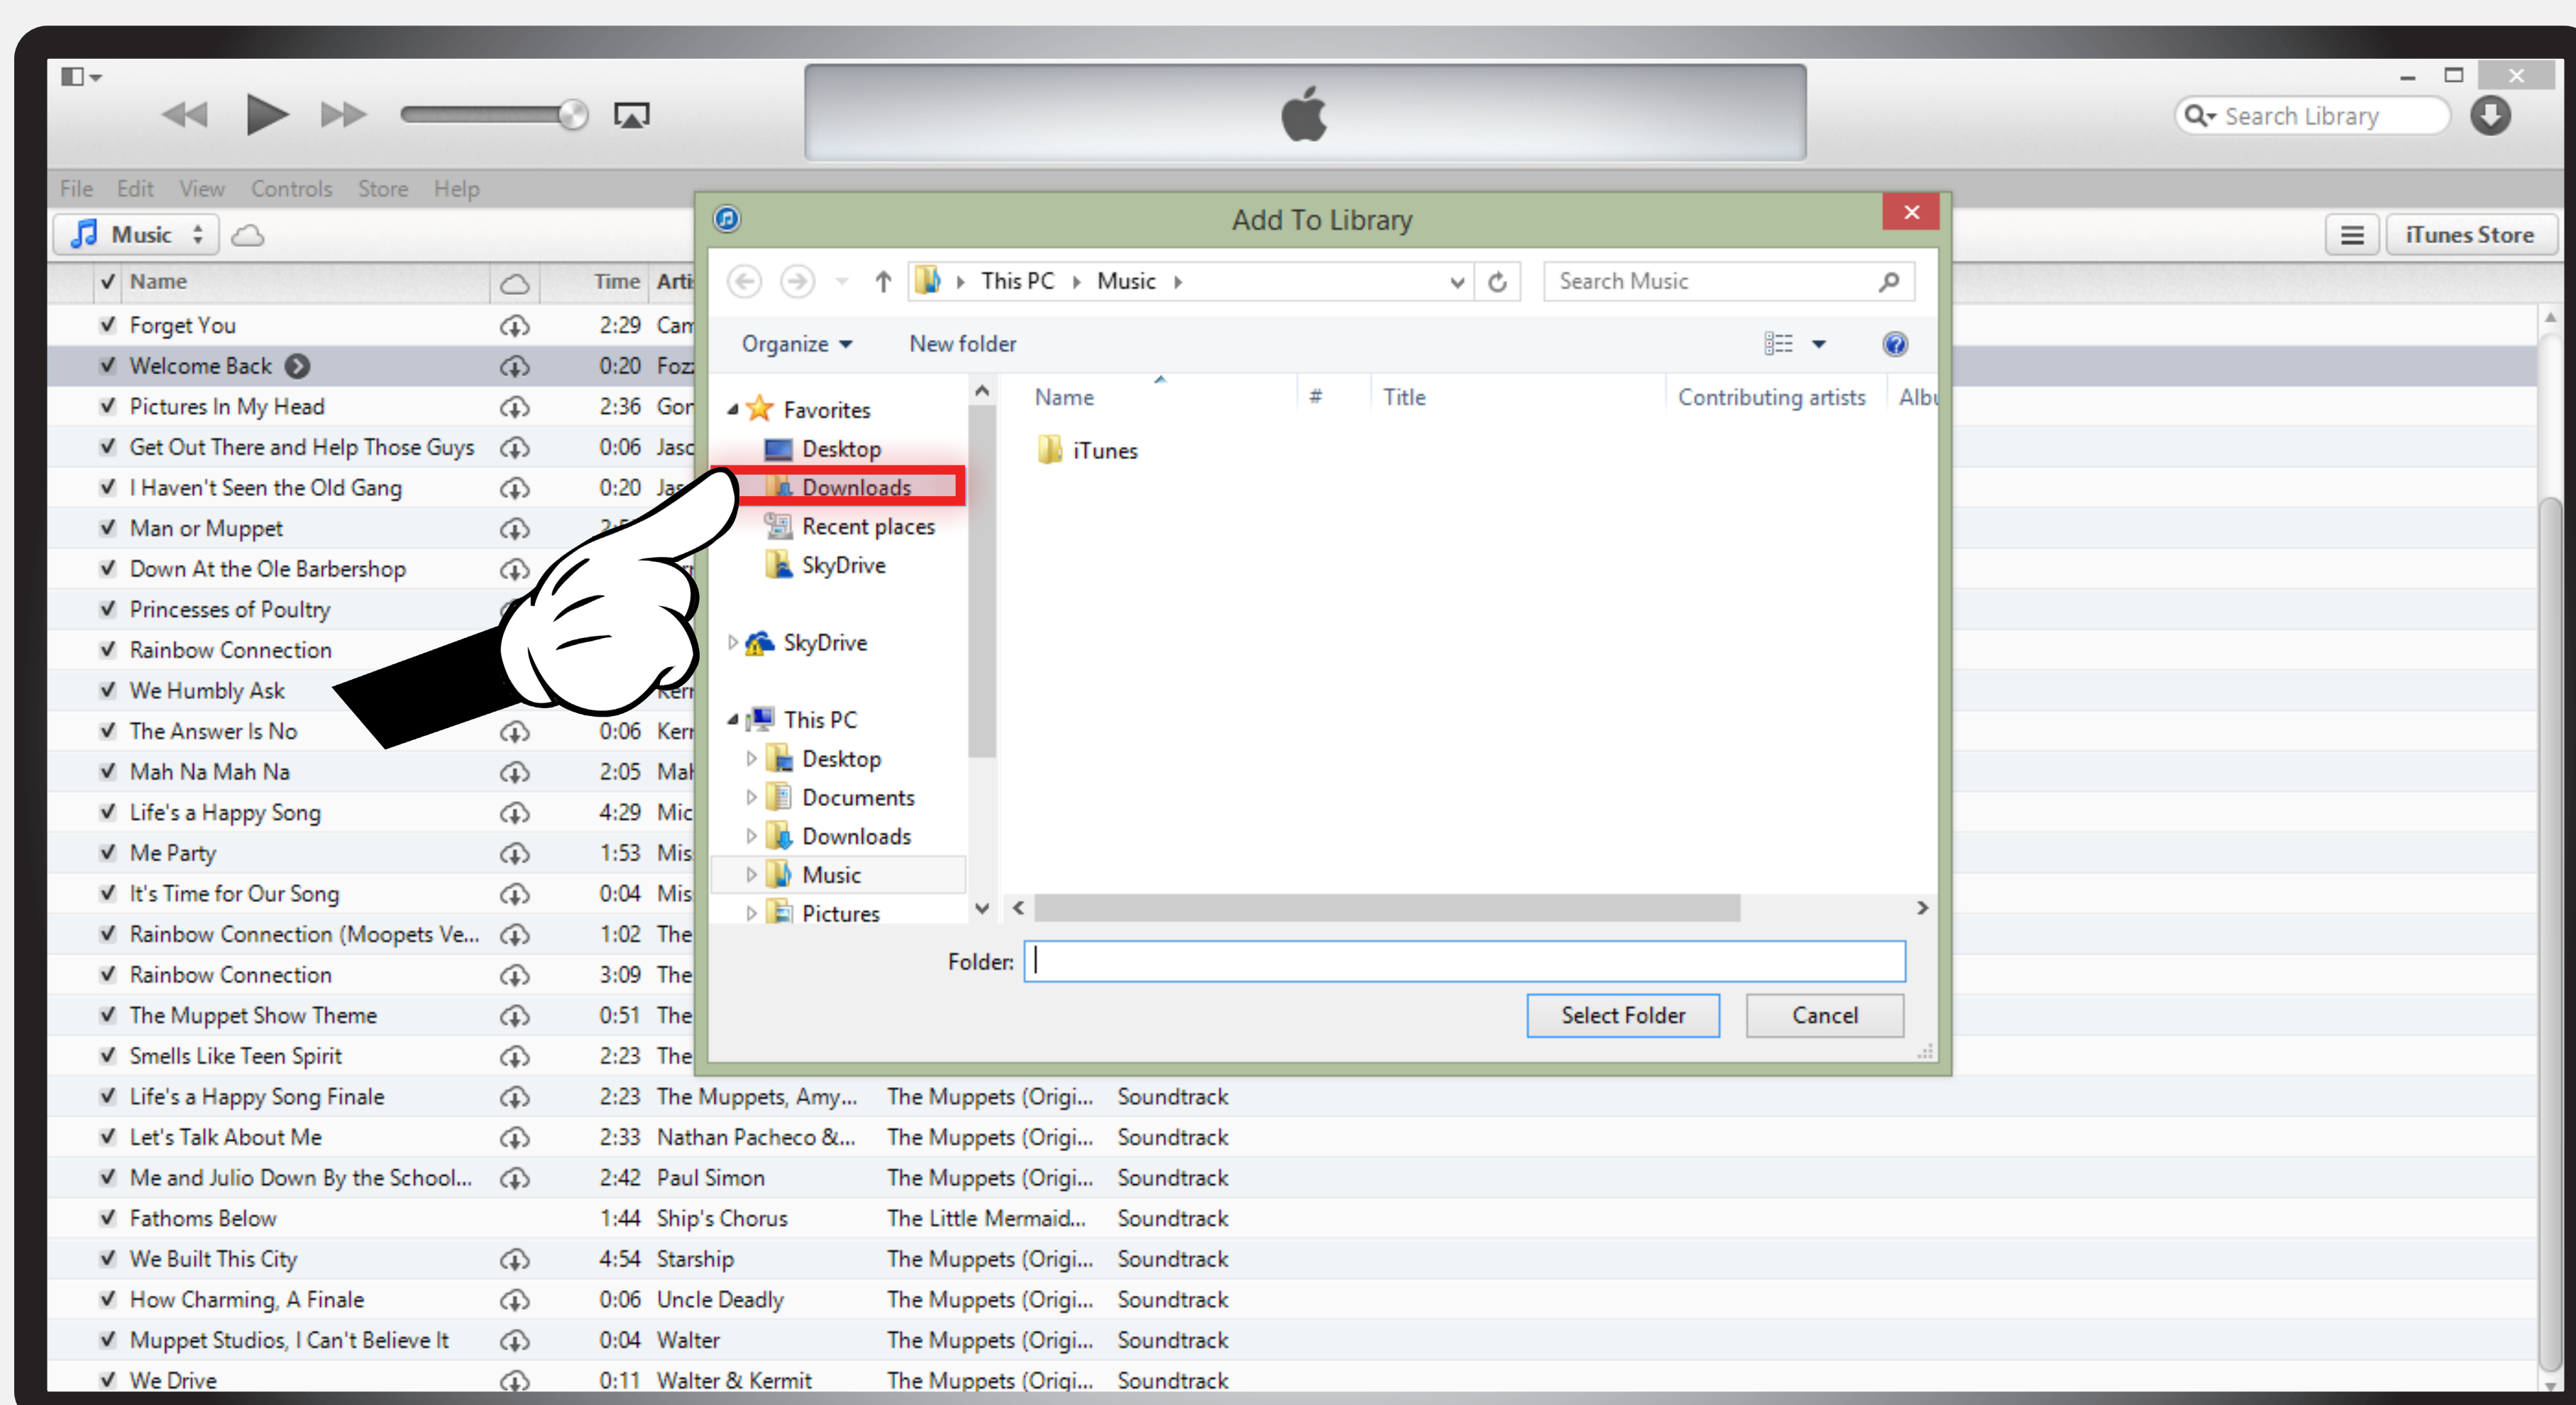

Follow these step-by-step instructions:

Step 1: Locate and launch iTunes

Step 2: Click “File” on the menu bar, then select “Add Folder to Library.”

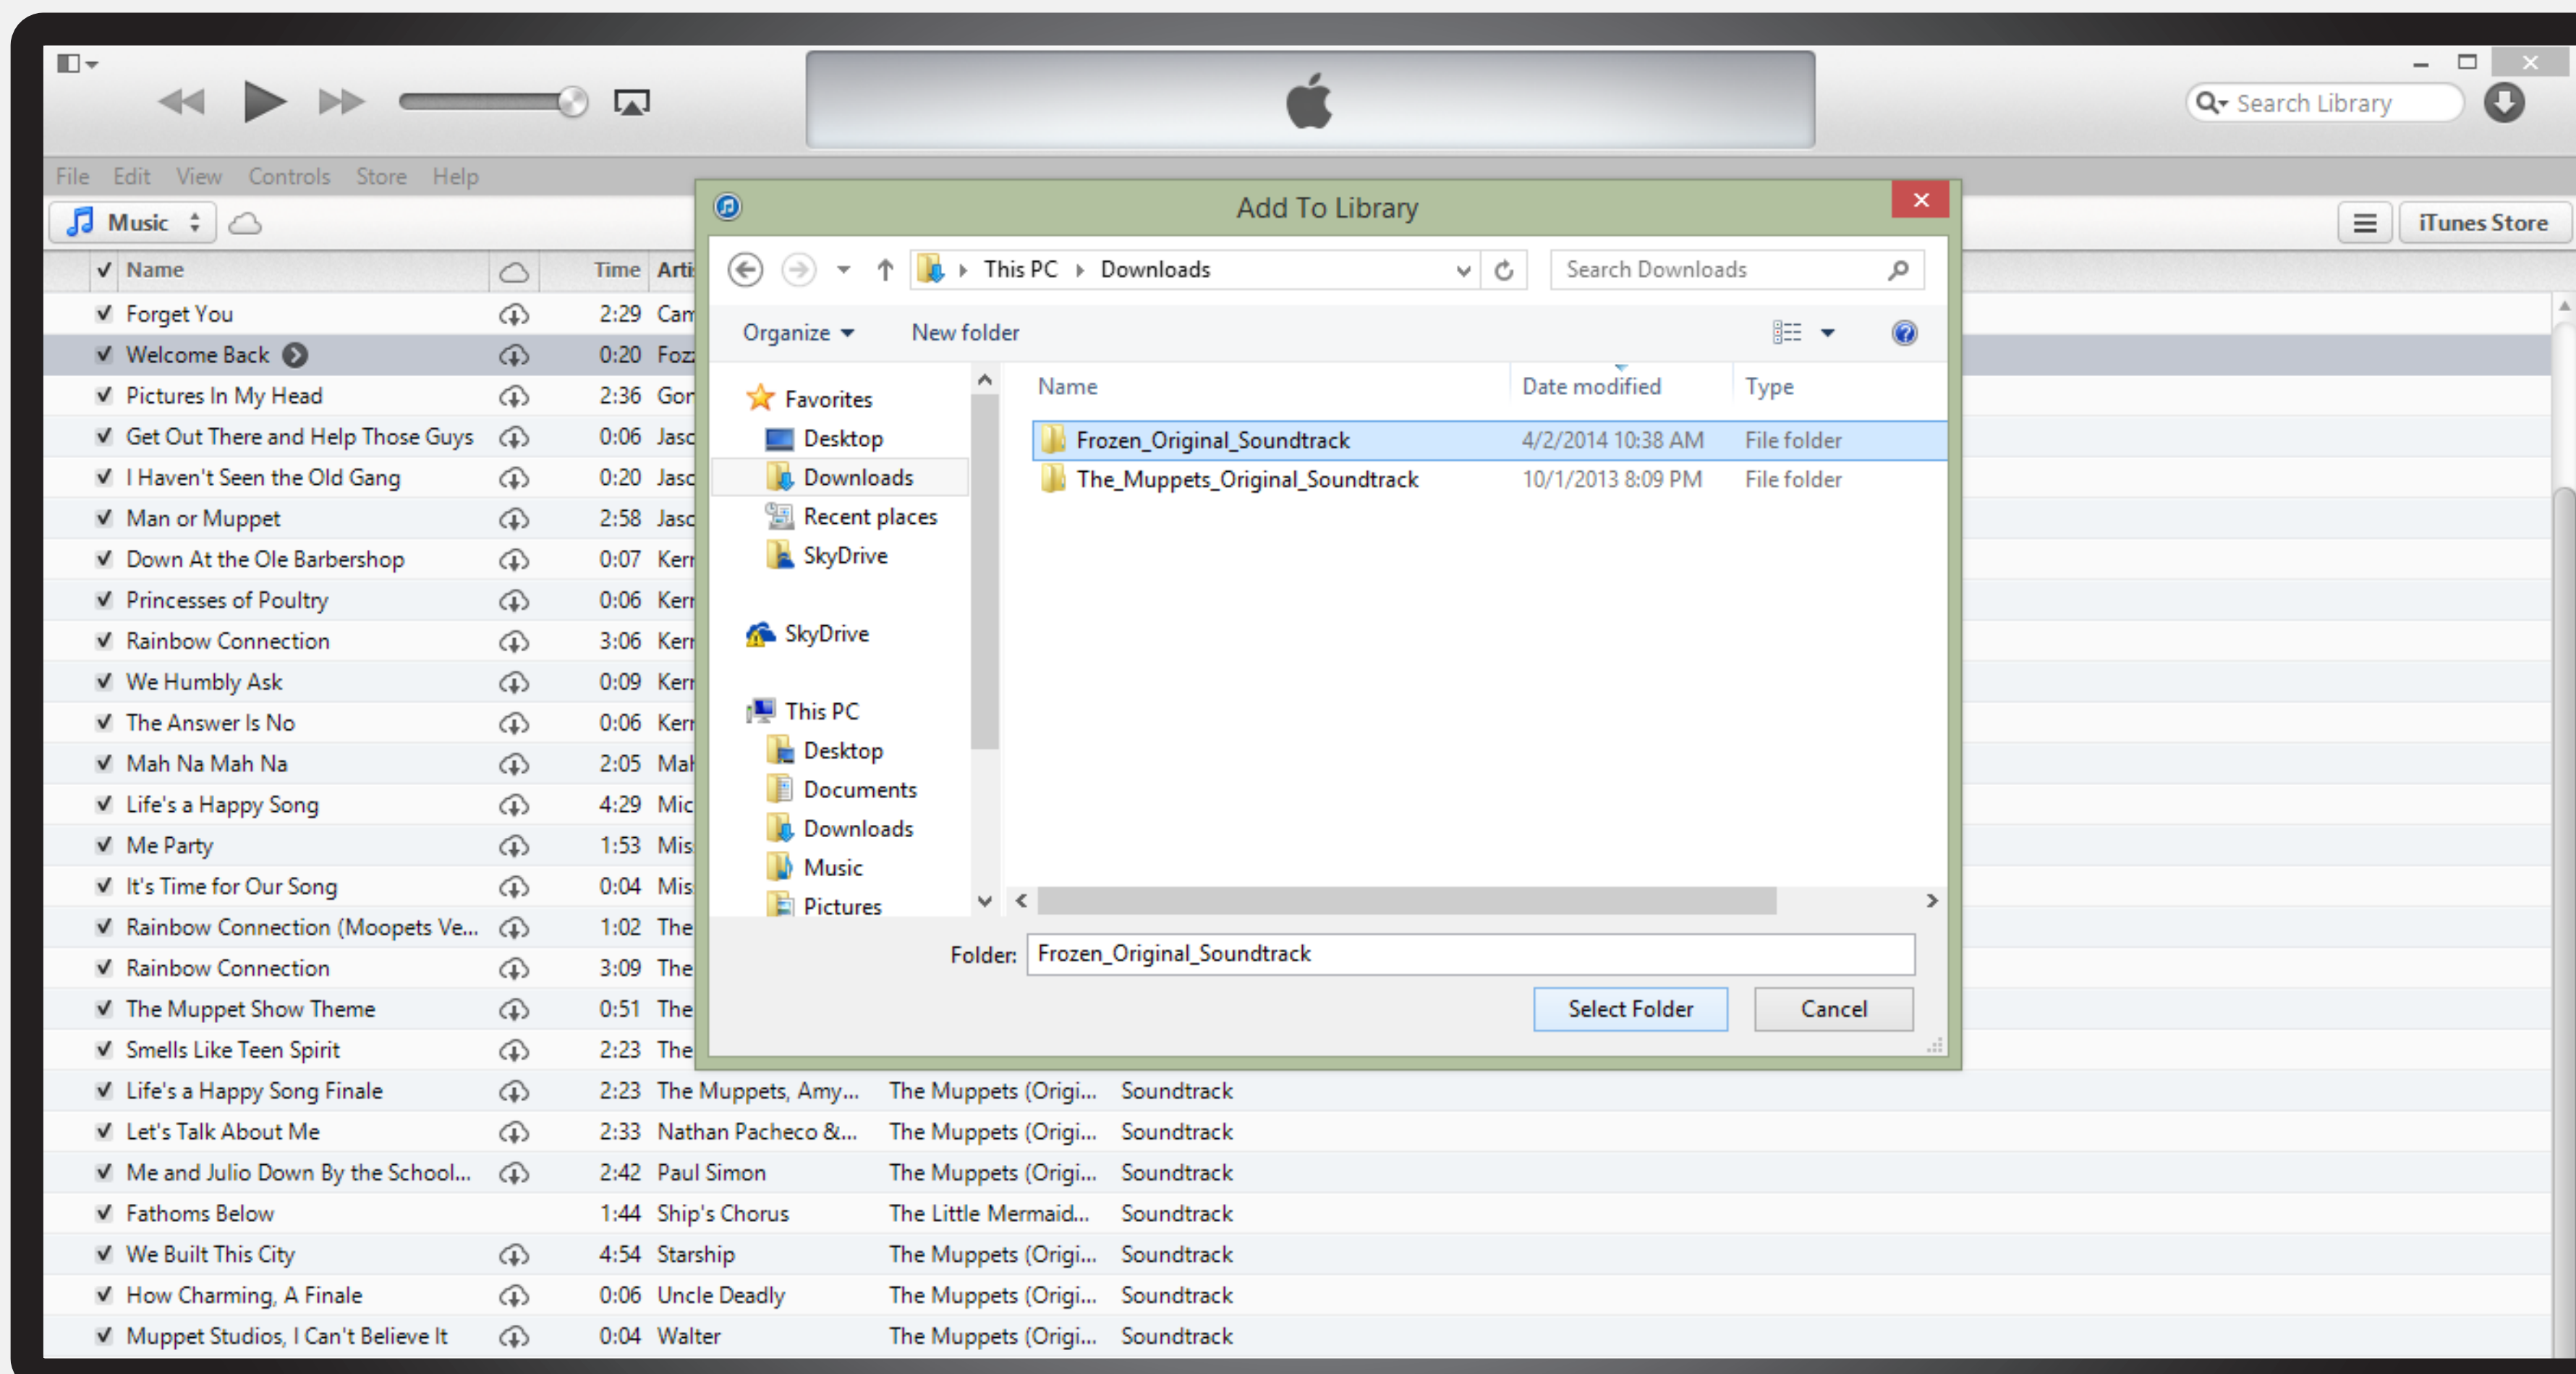

Step 3: On the left side of the “Add to Library” window click “Downloads.”

Step 4: Find and select the folder you wish to add to your music library.

Step 5: Your files will copy into your iTunes Library. Once completed, go to your iTunes library to ensure everything uploaded properly.
